

THE MULTILATERAL DIPLOMACY PROGRAMME AT A GLANCE

The Multilateral Diplomacy Programme (MDP) is at the heart of the United Nations Institute for Training and Research (UNITAR).

Since UNITAR's inception in 1965, MDP upholds its Core Diplomatic Training (CDT) programme, providing training for diplomats and officials based in United Nations Headquarters and Offices as well as host cities of United Nations regional commissions.

MDP also supports the UN intergovernmental machinery by supporting UN Member States to prepare efficiently for major UN conferences and is leading provider of online training in global and strategic challenges for professionals within and outside of the United Nations.
