ANTECEDENTES

The Master of Arts in Development Studies and Diplomacy is an interdisciplinary and holistic programme that will not only broaden student's knowledge in the field of development studies, sustainability and diplomacy but it will also equip them with the required soft skills for a successful international career in any of these areas of expertise. It is offered both online and face-to-face on the UPEACE campus in Costa Rica. During this programme, students will analyse the different dimensions of development including, environmental, social, economic and human dimensions as well as the theory and practice of diplomacy in the 21st century. Students will also attend skills development sessions that are designed to support their professional career and employability. Careers in this field can be very broad. Prospective employers include governments, international organizations, development agencies, academia and the private sector.
