BACKGROUND

Welcome to the University Network for Sustainable Development, a platform about learning, exchanging, and partnering to be SDG learners today and SDG leaders tomorrow!

The Sustainable Development Goals (SDG) are the blueprint to achieve a better and more sustainable future for everyone. Pursuing the quest of SDGs is a common global effort, and universities are unquestionably actors in order for the SDGs to materialize in the future.

The Network allows universities joining to be informed about other universities' achievements on SDGs learning activities, to create partnerships among one another, as well as with UNITAR, while improving their educational system with exclusive access to official UN learning material, documentation and resources around SDGs and Sustainable Development.

Secure your place and join the University Network for Sustainable Development by sending an email to nyo@unitar.org.
