

Dialogue with World Leaders and Future Makers Towards a World without Nuclear Weapons

On the occasion of the 79th commemoration of the tragic atomic bombing of Hiroshima, UNITAR and the Prefecture of Hiroshima, Hiroshima Organization for Global Peace (HOPE), in collaboration with UNODA, are proudly hosting a thought-provoking panel discussion on nuclear disarmament and non-proliferation. Join us for a unique opportunity to interact with world leaders and youth changemakers from all over the world as they share insights for shaping a safer world for generations to come. Together, we aim to inspire and empower the youth to drive change and innovation towards a future without nuclear weapons.

Don't miss out – be part of the event and make your voice heard in shaping tomorrow!
