

Over the past five years, more than

316 thousand women have participated in UNITAR events with learning objectives

Gender Statistics for Events with Learning Objectives (2018-2022)

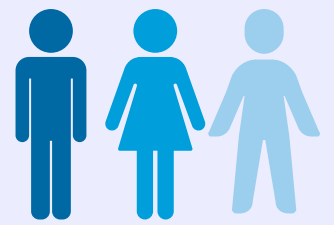

(*) percentage points

(**) Non-binary gender data was also collected but is not included in this infographic for the sake of simplicity.

UNITAR remains committed to closing the gender gap by:

Continuing to achieve gender parity of beneficiaries every year by working towards reducing barriers to access and participation of beneficiaries across all age groups.

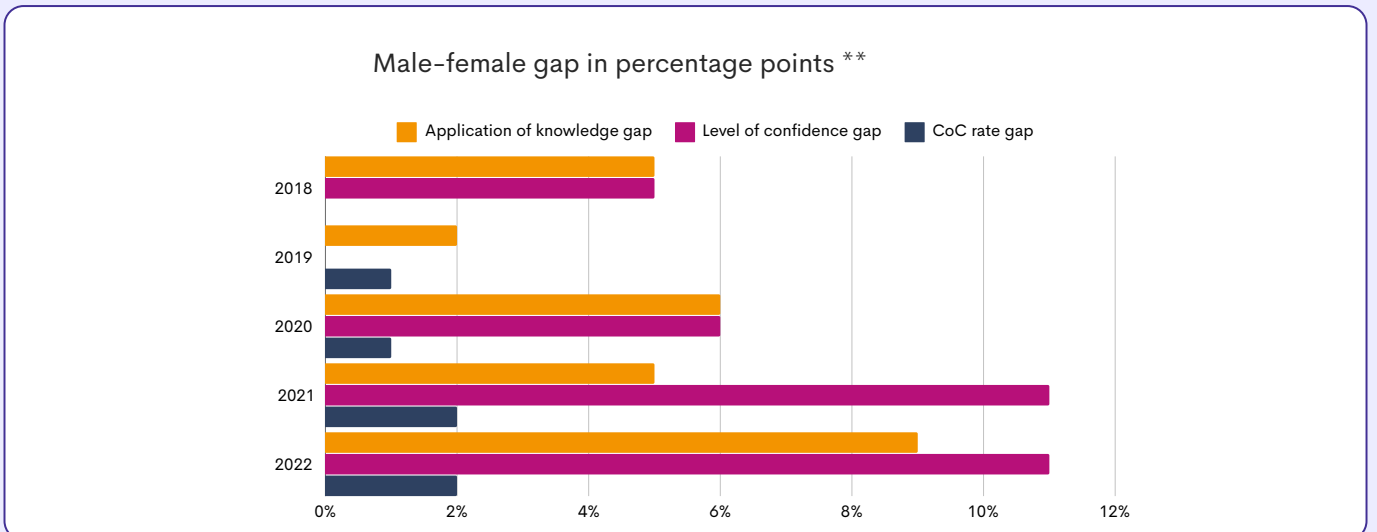

Continuing to increase certificate of completion rates.

Increasing outreach to beneficiaries in countries in special situations.

Addressing the diverse needs of participants to increase the application of knowledge and skills rate and enhance their confidence.

since 2018 UNITAR recorded

19 gender equality/empowerment of women (GEEW)-related result areas
