#### **EVALUATION ON DONOR AND IMPLEMENTING PARTNER REPORTING**

#### MANAGEMENT RESPONSE

(Note: This form is to be included in the final report.)

Instructions for completing this form: Section I is an overview and it informs which recommendation is for action or information and for which units. Section II provides you the opportunity to insert overall comments. Section III must be filled in for each recommendation addressed to your unit and/or division. For accepted or partially accepted recommendations, please also indicate the planned actions to implement the recommendation, responsible person/team, timeframe, information source, budget (resources) allocated and status at the moment of completion / update of this management response. Section IV will on be filled in ONLY AFTER 6 months and one year of PPME receiving this management response.

Multilateral Diplomacy	- For recommendation 4: we acknowledge the importance of tracking reporting timeliness but partially accepts this recommendation, as further assessment is needed to ensure a KPI aligns with diverse reporting requirements across its programmes, projects, and partners.
	<ul> <li>For recommendation 5: While we agree on the value of structured donor feedback, the recommendation is partially accepted because alternative feedback mechanisms may be more efficient and less resource-intensive than an annual survey.</li> </ul>
	- For recommendation 6: we recognize the general need to strengthen IP reporting quality but partially accepts this recommendation, as the feasibility of additional training and institutional strengthening will depend on available resources and contextual constraints.
	- For recommendation 7: Programme accepts the recommendation but requests PPME to take the lead in providing more elaborate templates and methodological support, particularly when it comes to examples of measurable indicators and linking narrative and financial reports
