- **Compilation of feedback** and review of lessons learned to support preparations of 2023 ECOSOC Partnership Forum.

The Partnership Platform

The Partnership Platform

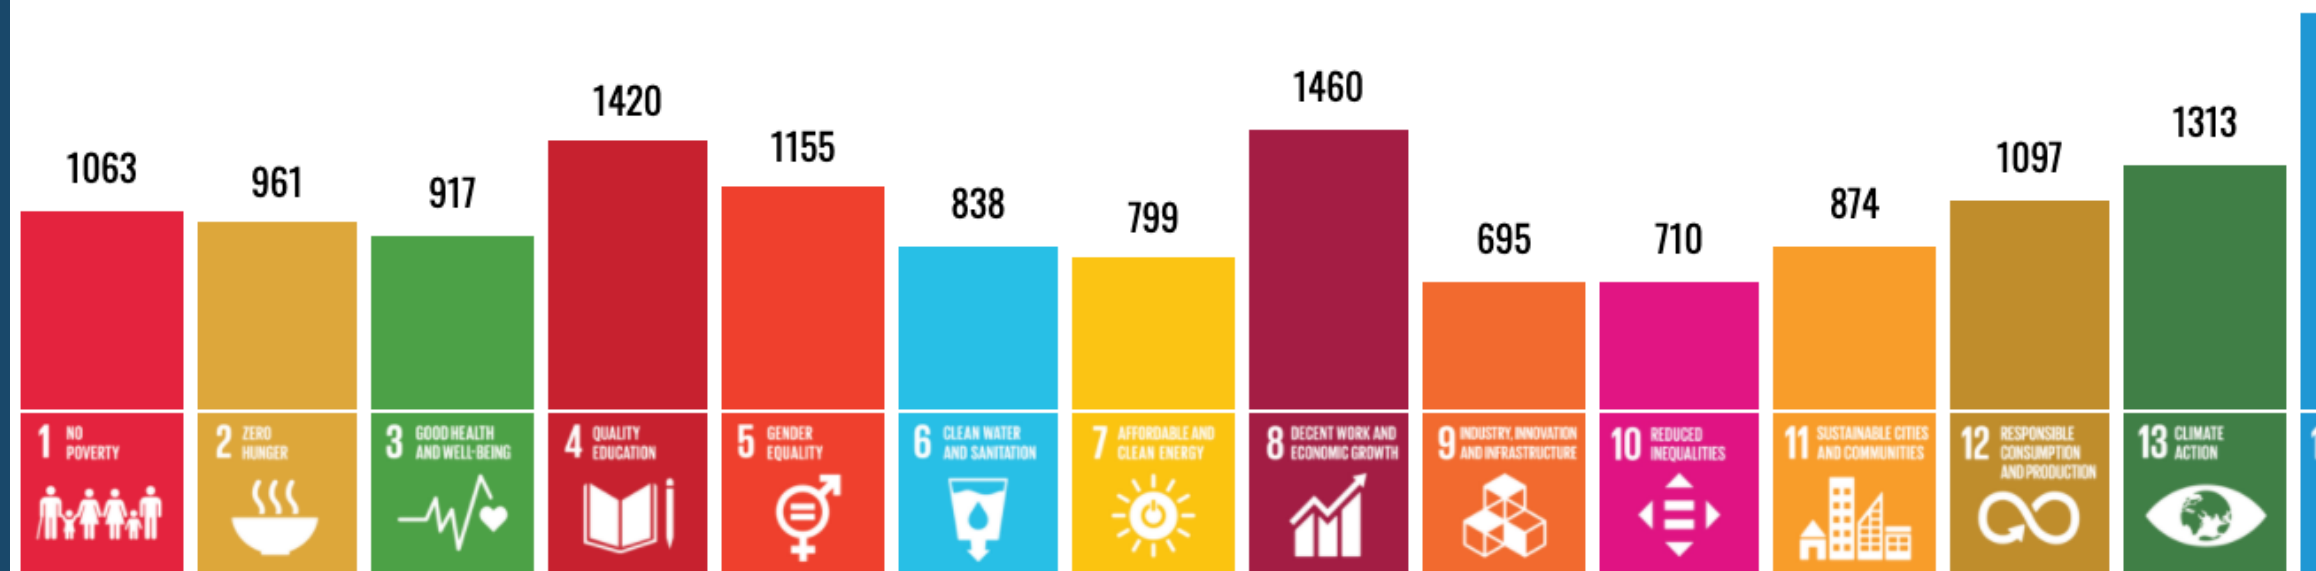

The Partnership Platform is a global registry of voluntary commitments and partnerships made by stakeholders in support of the implementation of the Sustainable Development Goals (SDGs), and through various UN conferences and thematic action networks. It was launched at the Ocean Conference, the Small Island Developing States Conference, the High Level Panel of Experts Conference, the Rio+20 Conference, and others.

All stakeholders are encouraged to register their partnerships and voluntary commitments into the platform, or through the different thematic action networks, based on their preference and alignment of interest.

A large, illuminated wall of the 17 Sustainable Development Goals (SDGs) at night. The wall is composed of many colorful rectangular panels, each featuring a number, a title, and a symbol. The colors of the panels correspond to the SDG color scheme. In the background, a modern building with many lit windows is visible against a dark sky. A blue rectangular box is overlaid on the center of the image, containing the text "Thank you!".

Thank you!
