ABOUT **THE COURSE**

In the ever evolving field of public health, the digital shift has been remarkable. The COVID-19 pandemic emphasized the critical role of Digital Health, prompting a swift adoption of digital tools in healthcare. Recognizing the growing demand, Empower offers a unique training program to upskill learners in the domain of Digital Health. This online program has been developed in collaboration with UNITAR (United Nations Institute for Training and Research).

Join us to lead the way in utilizing technology for better global health outcomes. Our comprehensive Digital Health Course empowers you with the knowledge and skills to navigate the intersection of healthcare and technology. This is an affordable and accessible program, tailored for professionals in diverse settings.

Program Highlights

1.	Online course supported by regular live faculty sessions
2.	Curriculum designed by industry experts and senior academia
3.	Access to the latest books and reading materials from renowned authors and publishers
4.	Live interactive sessions with experienced subject matter experts
5.	3 month internship with UNITAR (in Geneva or remote)*
6.	Mentorship by Empower faculty and industry experts

Eligibility Criteria

Graduates with a recognised Bachelor's degree from any discipline, or working professionals interested in upskilling and career progression.

Course Fee $3,000 *(exclusive of taxes and bank charges)*

ABOUT US

Empower is a global health academic research and capacity building institute focusing on empowering individuals and communities. Empower works with UN agencies, MoH, public health organizations, international NGO's and donor agencies across Africa, Asia, CIS and the Pacific on various global health projects. Empower has experience in more than 100 countries, 250+ organizations, with a diverse team of health professionals designers and technology experts. Empower has a global presence and believes in creating a sustainable impact.

The United Nations Institute for Training and Research (UNITAR) is an autonomous body within the United Nations that was established in 1965 pursuant to a UN General Assembly resolution, with the purpose of enhancing the effectiveness of the UN through appropriate training and research. UNITAR's mission is to develop the individual, institutional and organizational capacities of countries and other United Nations stakeholders through high quality learning solutions and related knowledge products and services to enhance decision-making and to support country-level action for overcoming global challenges.

Empower is accredited by Accreditation Service for International Schools, Colleges and Universities (ASIC). The Institution has earned Premier status with ASIC for its commendable areas of operation. ASIC is recognised by UKVI in UK, is a member of the Council for Higher Education Accreditation (CHEA) International Quality Group (CIQG) in USA and is listed in their International Directory, is a member of the BQF (British Quality Foundation) and are institutional members of EDEN (European Distance and e-Learning Network).

Empower School of Health is accredited by the prestigious FIBAA digital seal for excellence in digital education! This remarkable recognition is founded on the European Standards and Guidelines (ESG) and the insightful "Considerations for quality assurance of e-Learning provision" from the European Association for Quality Assurance (ENQA) in Higher Education's "Occasional Paper 26."
With 25+ years of expertise, FIBAA is recognized by Germany's Accreditation Council and Switzerland's HEdA (The Higher Education Funding and Coordination Act), the European Quality Assurance Register (EQAR) and the European Association for Quality Assurance in Higher Education (ENQA).
