POLICY BUNDLES for ACCELERATION – SDG ROADMAP

Jamaicans are empowered to achieve their fullest potential

- Strengthen social protection outreach
- Support provision of care services
- Pursue multi-disciplinary efforts to tackle the drivers of NCDs
- Address health consequences of experiencing violence in communities

The Jamaican society is secure, cohesive and just

- Strengthen the effectiveness of the judiciary system
- Improve policing
- Include violence prevention programmes within education systems

Jamaica's economy is prosperous

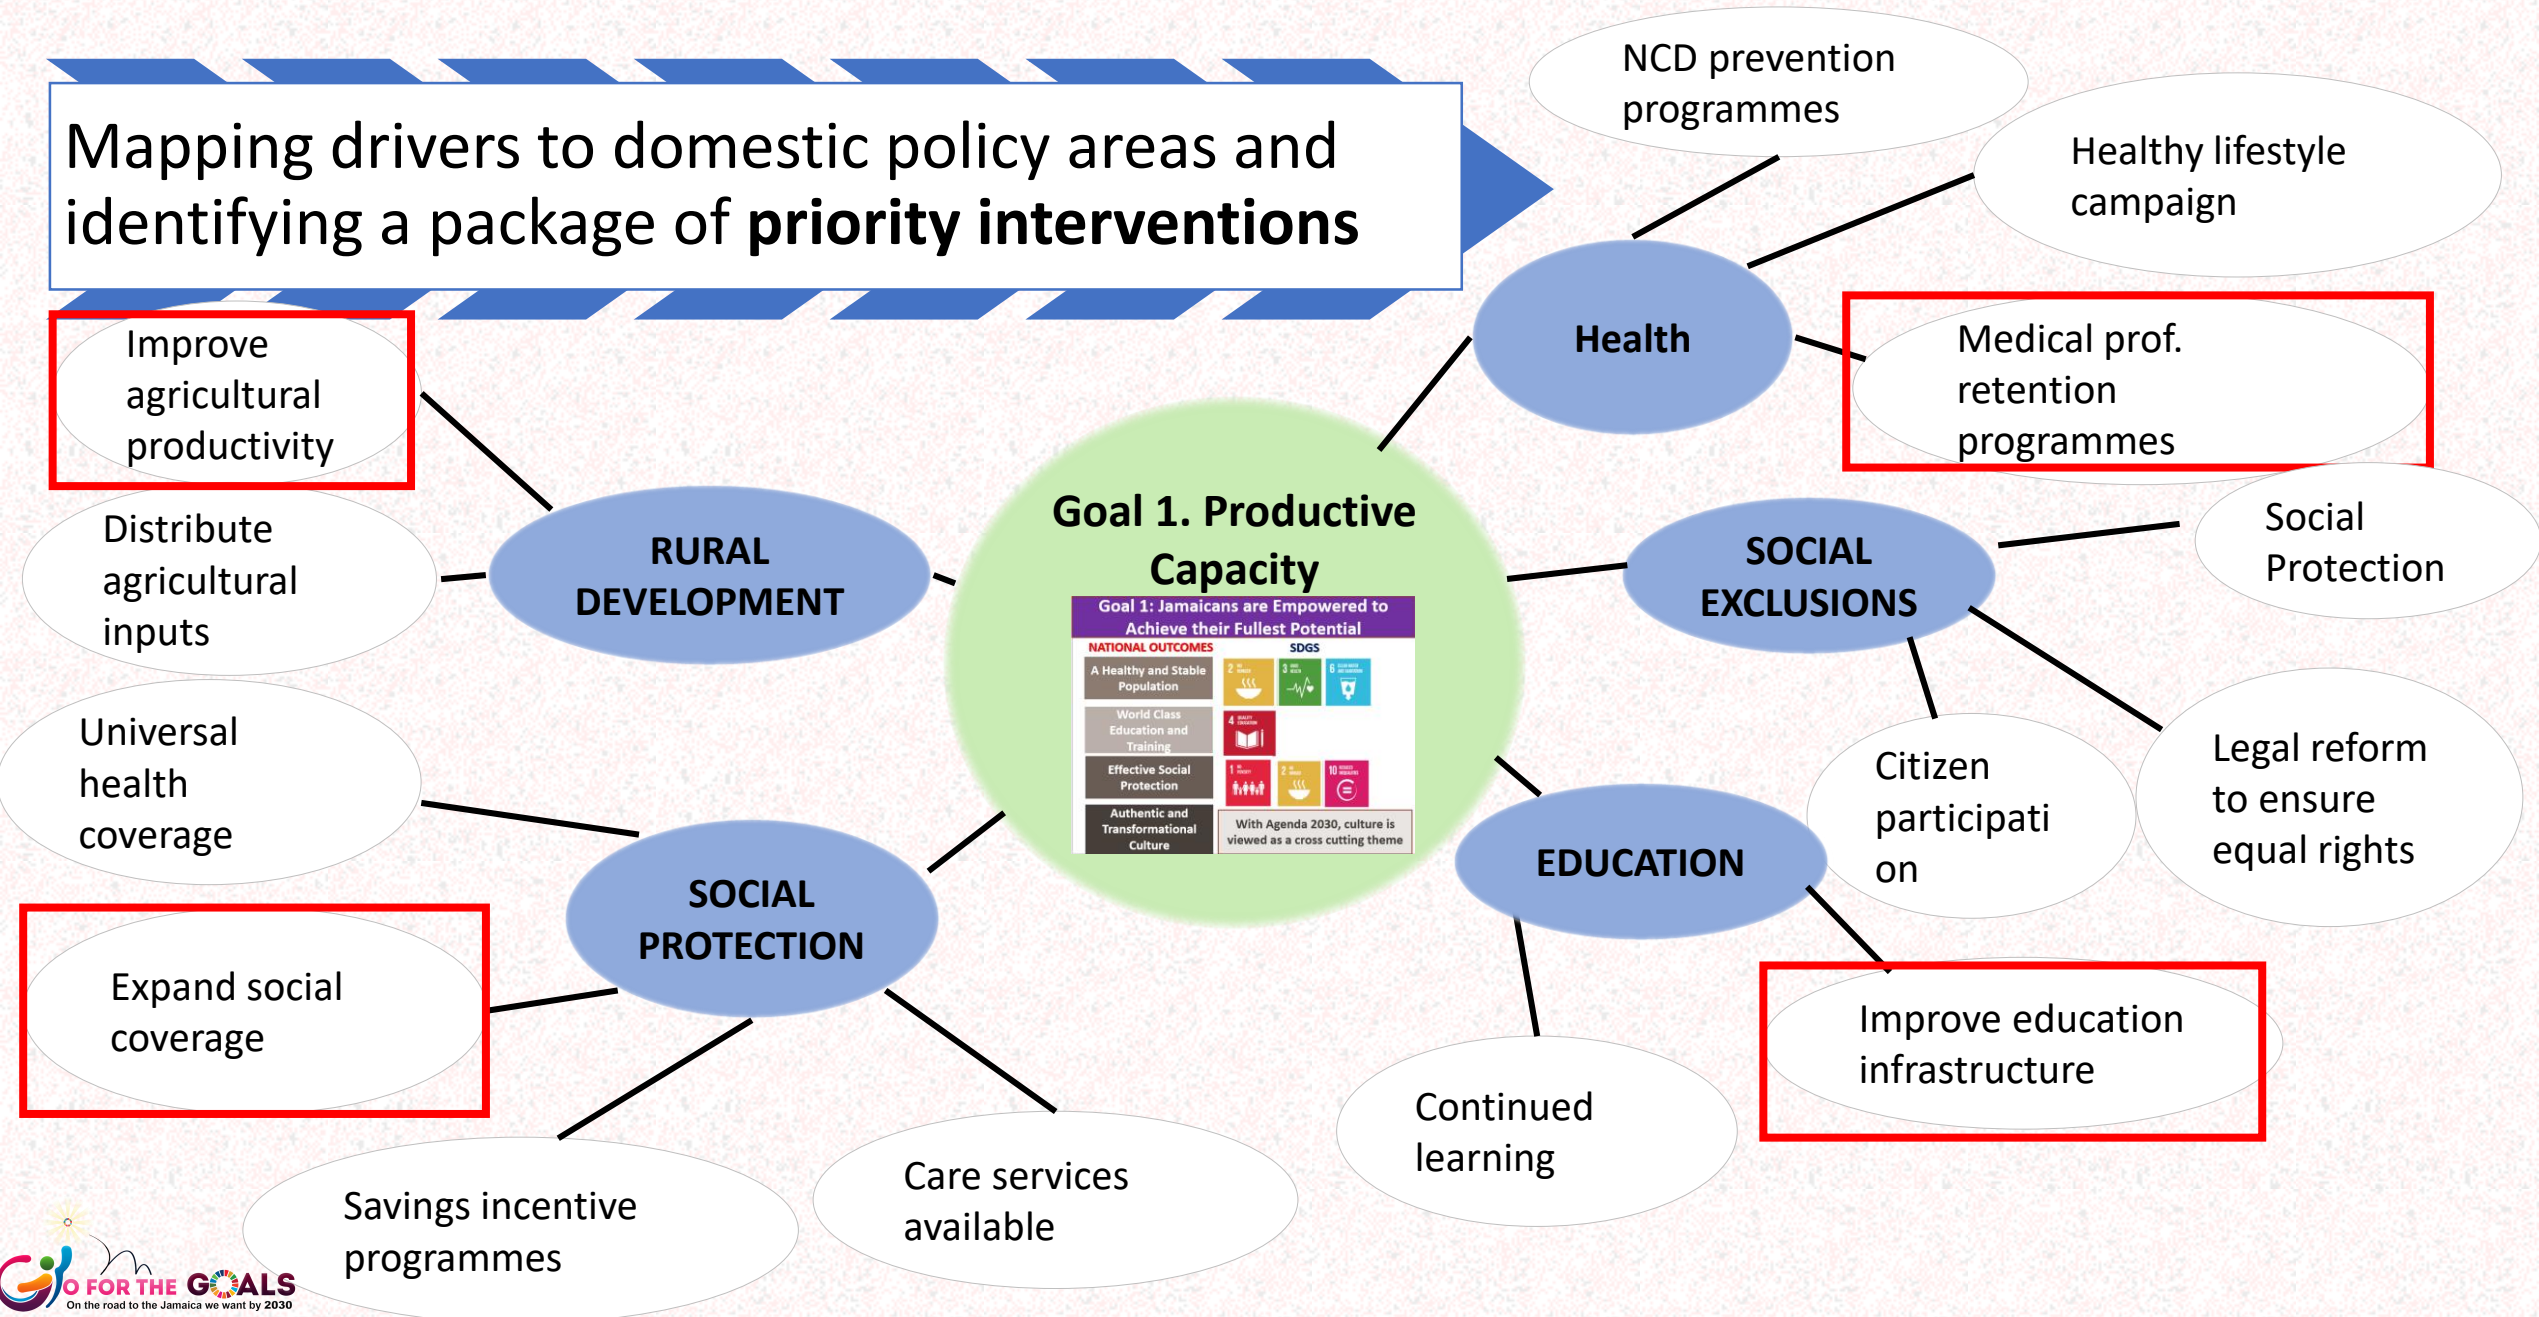

- Inclusive procurement processes targeted to MSMEs
- Support to expand inclusive finance
- Strengthening supply chain in agriculture, manufacturing and tourism, with a focus on MSMEs

Jamaica has a healthy natural environment

- Develop a land use management system
- Manage disaster and climate risks
- Strengthen protected areas
- Enhance public awareness
- Improve waste management

ACCELERATION

Mapping drivers to domestic policy areas and identifying a package of **priority interventions**

SECTOR PLANS

ECONOMIC

1. Macroeconomy and Trade
2. Agriculture
3. Construction
4. Mining & Quarrying
5. Manufacturing
6. Creative Industries and Sport
7. Information and Communications Technology
8. Energy
9. Tourism
10. Science, Technology & Innovation
11. Services
12. Transport
13. Housing

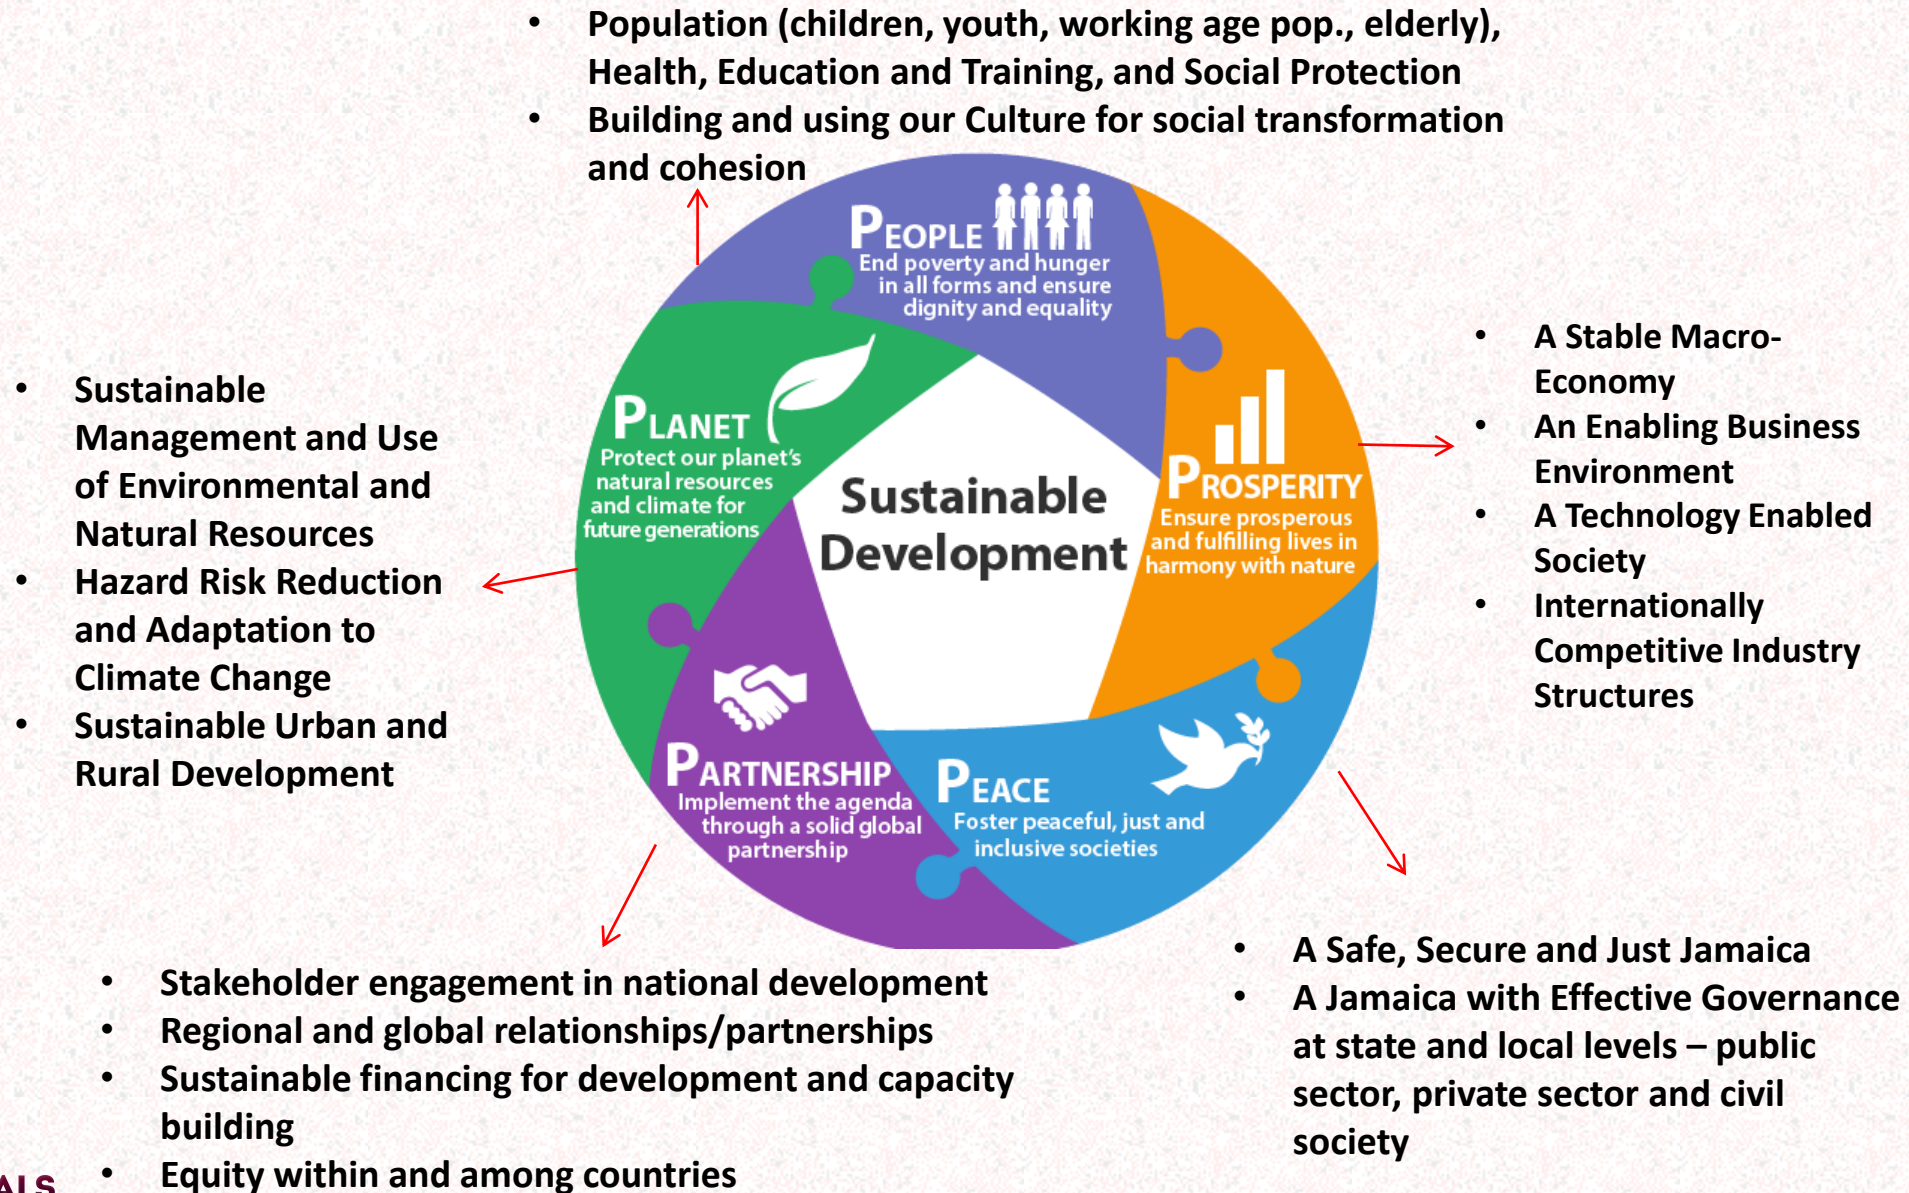

ENVIRONMENTAL

14. Urban Planning and Regional Development
15. Environmental and Natural Resources Management
16. Hazard Risk Reduction and Climate Change
17. Water

SOCIAL

18. Correctional Services
19. National Security
20. Persons with Disabilities
21. Population
22. Poverty Reduction/Eradication
23. Social Security
24. Social Welfare and Vulnerable Groups
25. Training
26. Culture and Values
27. Education
28. Gender
29. Health
30. Labour Market and Productivity
31. Governance

The 5 P's (Principles) of the SDGs being implemented through Vision 2030 Jamaica

Implementing Vision 2030 Jamaica: Medium Term Socio-Economic Policy Framework (MTF)

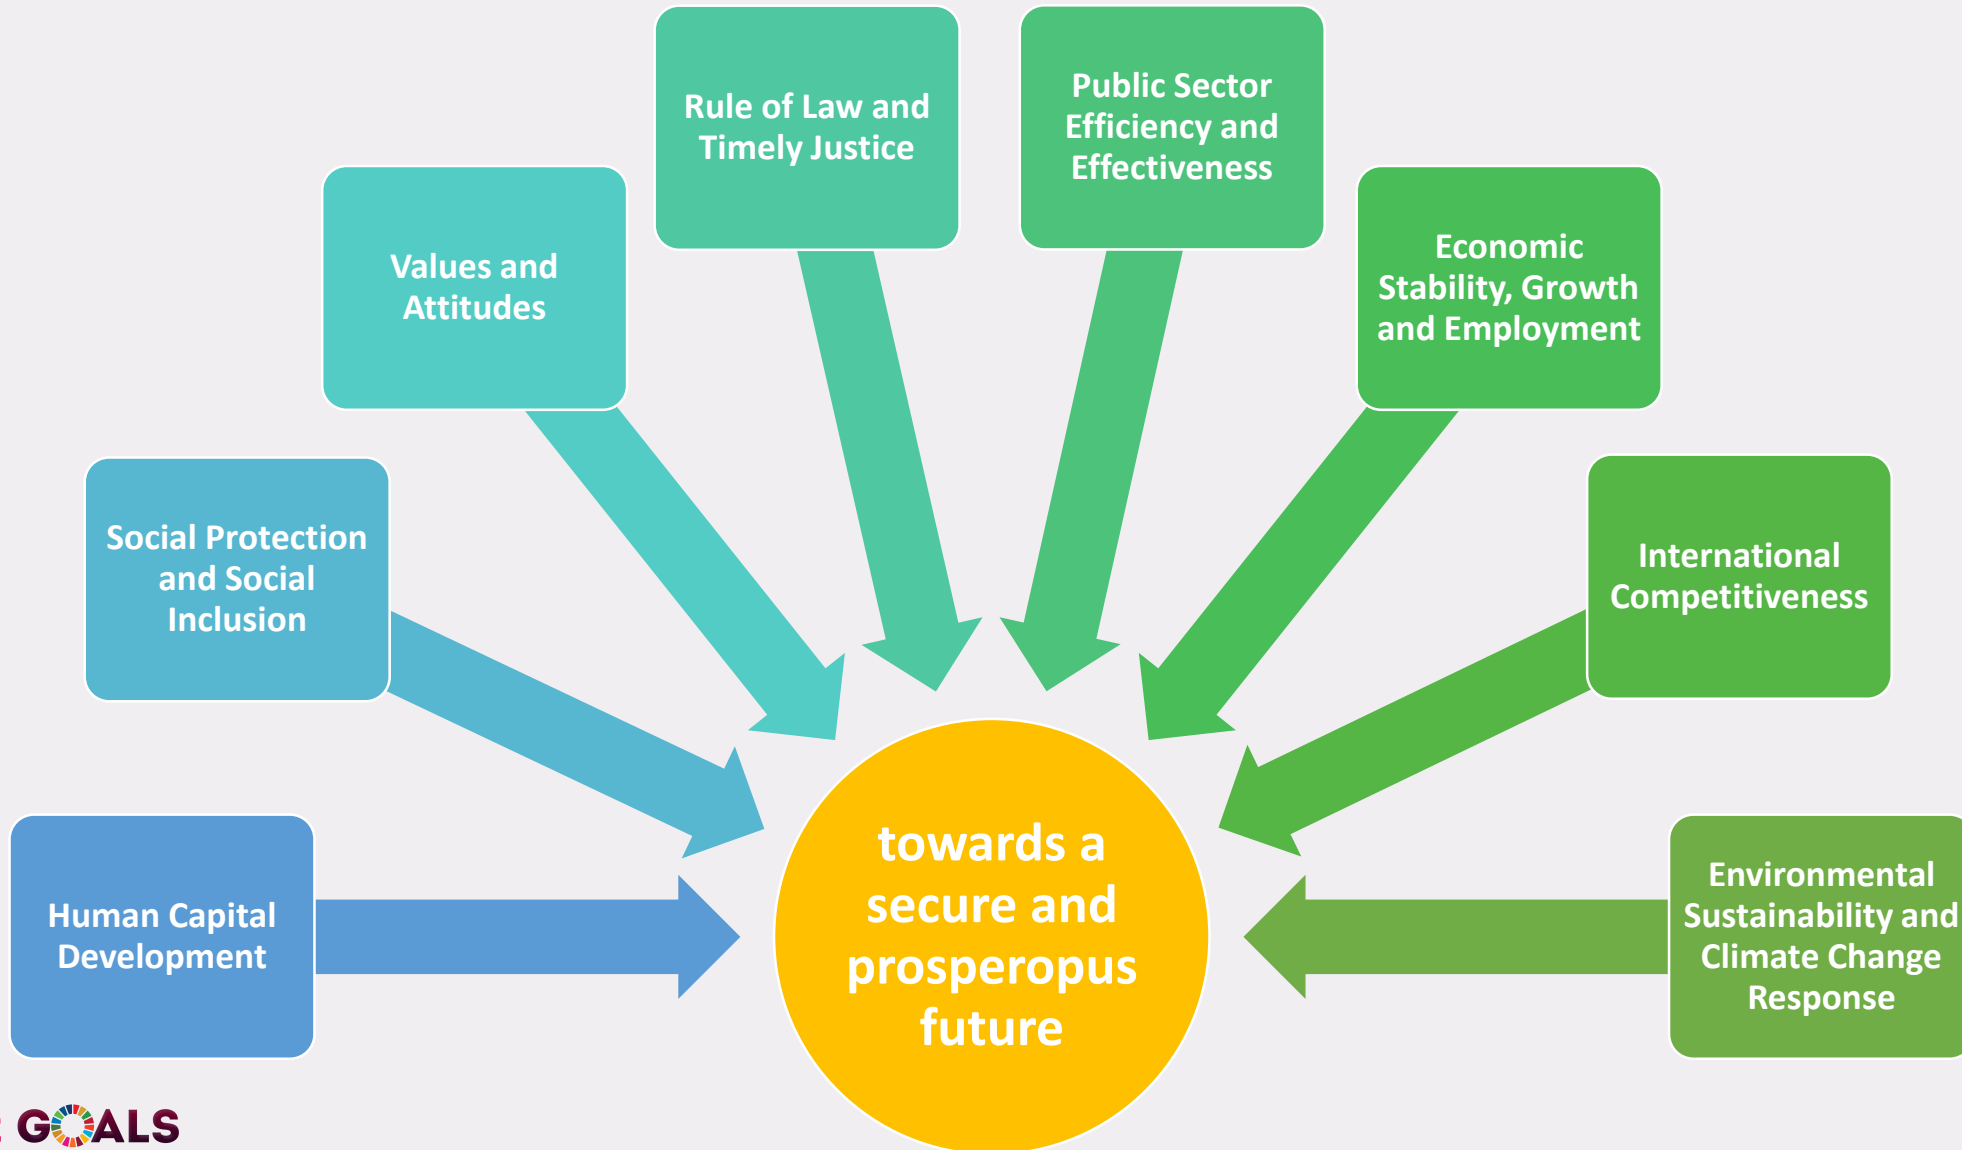

The Medium Term Socio-Economic Policy Framework (MTF) is the implementation framework of Vision 2030 Jamaica – National Development Plan, and is aligned to the overall vision, goals and national outcomes of Vision 2030 Jamaica – National Development Plan. It also is the axis around which the SDGs will be advanced in Jamaica.

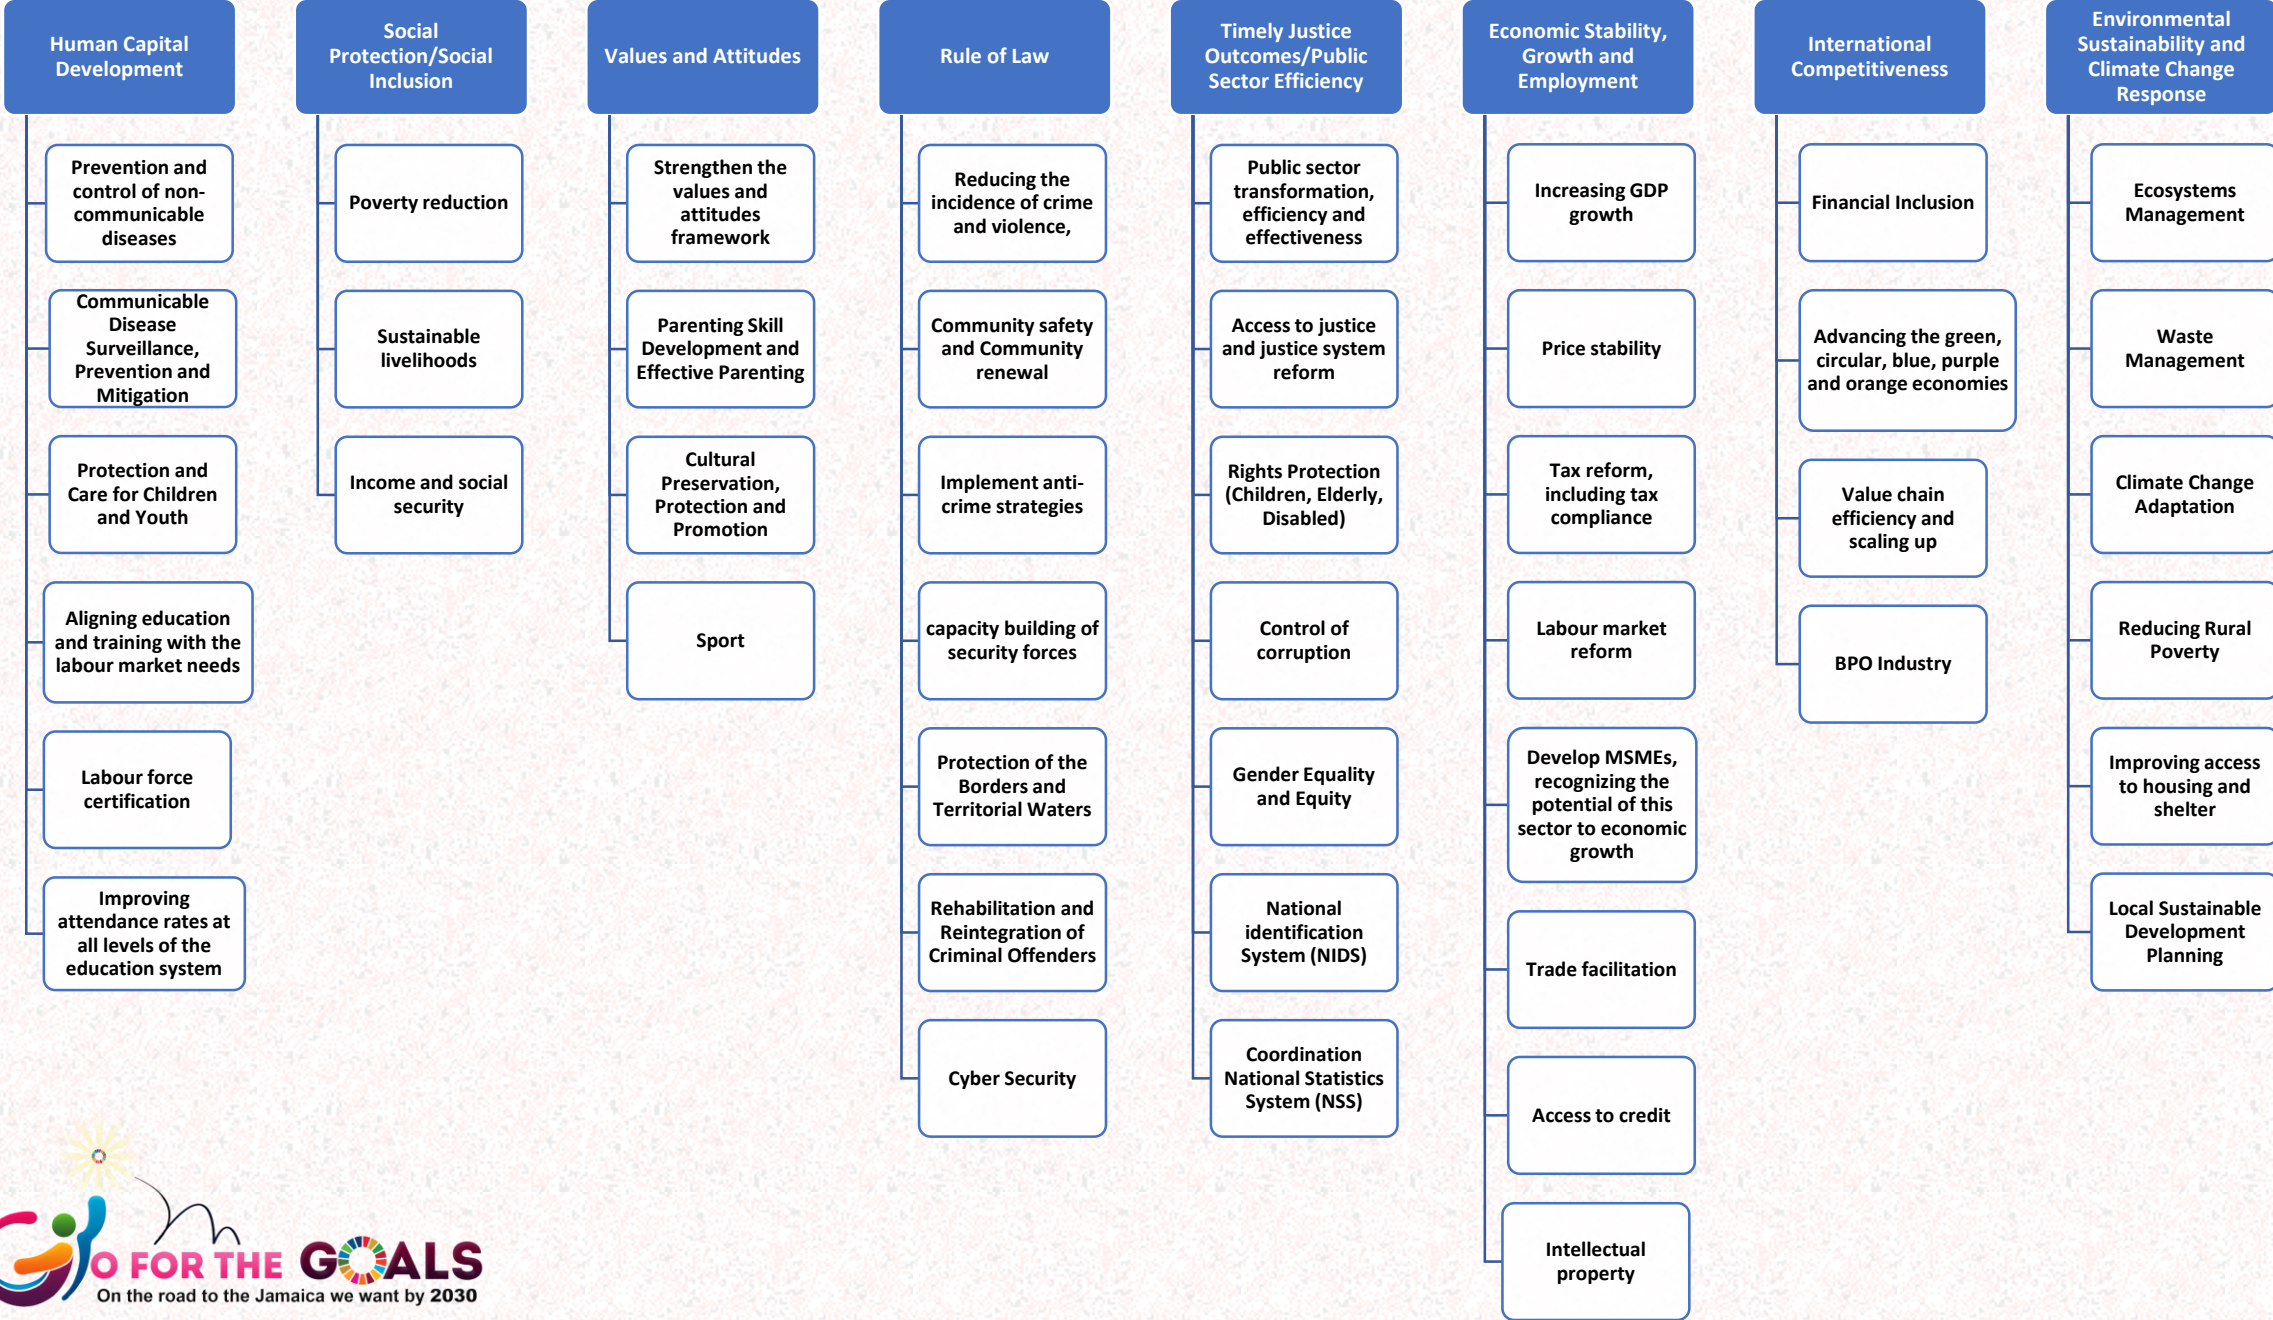

Strategic National Priorities Under MTF 2018 - 2021

The Medium-Term National Strategic Priorities to be addressed under MTF 2018 - 2021 are :

MTF 2018 - 2021: Medium Term Priorities and Strategic Areas of Focus

Mainstreaming the SDGs (and wider Post-2015 Development Agenda) in Vision 2030 Jamaica MTF 2018-2021

National Strategy	Sector Strategy	SDG Targets	SDG Indicators
National Goal 4- Jamaica has a healthy natural environment			
National Outcome #13 - Sustainable Management and Use of Environmental and Natural Resources			
13-1: Integrate Environmental Issues in Economic and Social Decision-Making, Processes and Policies	Create frameworks that will enable the integrated management and sustainable use of Jamaica's natural resources	15.1-By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements	<ul style="list-style-type: none"> 15.1.1 Forest area as a proportion of total land area 15.1.2 Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type
		14.2- By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans	<ul style="list-style-type: none"> 14.2.1 Proportion of national exclusive economic zones managed using ecosystem-based approaches
		12.2- By 2030, achieve the sustainable management and efficient use of natural resources	<ul style="list-style-type: none"> 12.2.1 Material footprint, material footprint per capita, and material footprint per GDP

Alignment of Vision 2030 Jamaica with the SDGs in 2019

					Related Aspects of Intellectual Property Rights (TRIPS) Agreement and Public Health, which affirms the right of developing countries to use to the full the provision in the Agreement on Trade-Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and in particular, provide access to medicines for all				
Jamaican Society is Secure, Cohesive and Just	Effective Governance	Reform the Justice System	Enhance access to justice services, including the administrative system in the courts	16 – Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels	16.3 Promote the rule of law at the national and international levels and ensure equal access to justice for all	Strengthen the effectiveness of the judicial system	Improve functioning of the justice system through strengthened governance and oversight	Under the Justice, Security, Accountability and Transparency Project <ul style="list-style-type: none"> The implementation of an Automated Case Management platform has advanced the implementation of an integrated Electronic Case Management Solution (eCMS) towards enhanced case management and improved data quality for policy and decision-making 78 Courtrooms equipped with digital audio technology to safeguard human rights, improve witness protection and improve efficiency of court operations 	Ministry of Justice (MOJ)
Jamaica's Economy is Prosperous	A Stable Macro-Economy	Ensure Fiscal and Debt Sustainability	Reduce the budgetary cost of public bodies (PBs) and public sector entities	12 – Ensure sustainable consumption and production patterns	12.7 Promote public procurement practices that are sustainable, in accordance with national policies and priorities	Inclusive procurement process targeted to MSMEs	Strengthen and improve procurement planning processes in line with strategic objectives	Amendment to the Procurement Act and related provisions for inclusion of MSMEs in government procurement <ul style="list-style-type: none"> Priority has been given to strengthen and improve procurement planning processes in line with strategic objectives. The Act, passed in 2015, seeks to, among other things, enhance the potential for micro, small and medium-sized enterprises (MSMEs) to compete for Government contracts; increase the efficiency of public entities in delivering timely services, thereby increasing public confidence in Government; harmonise documentation; and allow for electronic submission of bids. 	Ministry of Finance and the Public Service (MOFPS)

Report on Implementation, MTF 2018-2021 - Policy Bundles and Accelerators (Select)

Vision 2030 Jamaica – National Development Plan (NDP)				Sustainable Development Goals (SDGs)		Vision 2030 Jamaica / Sustainable Development Goals (SDGs) Accelerators			
Goal	Outcome	MTF 2018-2021		Goal	Target	Area of Focus	Main Programme Area	MTF 2018-2021	
		National Strategy	Sector Strategy					Main Actions	Lead Agency
								<ul style="list-style-type: none"> - Amendments have been made to the Public Procurement Act in 2018. Supporting regulations for procurement are expected to be tabled in 2019 to give effect to, among other things, special and differential treatment for micro, small and medium-sized businesses, MSMEs, under the public procurement law. - The regulations, once implemented, will allow for 'set-asides', the result of which would be the reservation of a portion of the Government's annual procurement contracts for MSMEs. - The regulations will also address "domestic margins of preference", which is the preferential treatment of Jamaican suppliers – in this case MSMEs – in accessing government procurement contracts in specific circumstances.⁴ 	
	An Enabling Business Environment	Strengthen investment promotion and trade facilitation	Streamline the administrative process for movement of goods through ports of entry	8 – Promote sustained, inclusive and sustainable economic growth, full employment and decent work for all	8.1 Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries	Economic Diversification	Establish a Trade Information Portal	<ul style="list-style-type: none"> - The country's trade environment and procedures have been enhanced with the launch of the Jamaica Trade Information Portal (JTIP). - The portal provides a single authoritative source for trade information relating to import-export regulations, requirements and processes, which businesses can easily access at any time. - The database contains information on standards, tariffs, fees, levies and applicable penalties; various authorizations; inspections and verifications; and details about trade agreements, while highlighting opportunities. - There are also downloadable forms for applications, licences, and permits, as well as links to regulatory and various bodies engaged in trade facilitation. 	Ministry of Industry, Commerce, Agriculture and Fisheries (MICA)
Jamaica has a Healthy	Hazard Risk Reduction and	Improve Resilience to	Modernize the Policy and Legal	13 – Take urgent action to combat climate change and	13.1 Strengthen resilience and adaptive capacity to	Manage Disaster and Climate Risks	Prepare Comprehensive	Draft Comprehensive Disaster Risk Management Policy (2018)	Office of Disaster

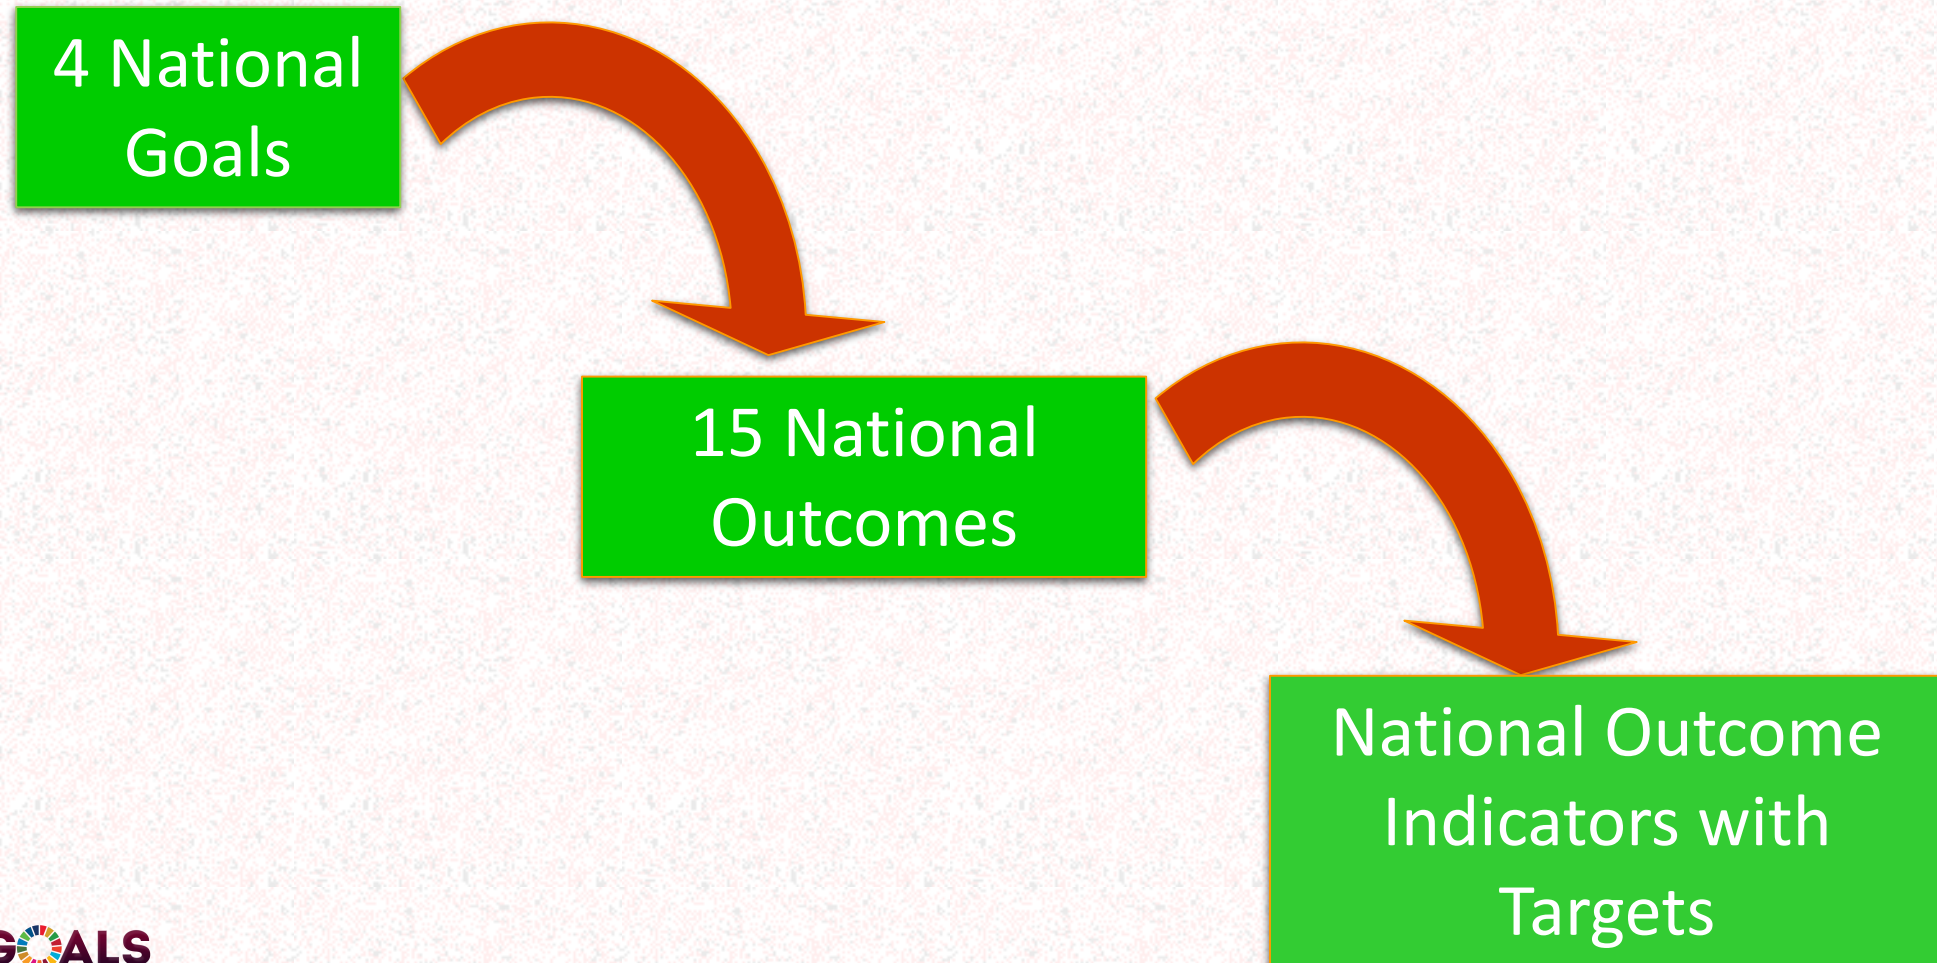

⁴ It has been well established that well-designed public procurement policies can support economic diversification and inclusive growth and provide opportunities for micro, small and medium-sized enterprises. They must also be least distortionary and maximize the allocation of resources in the public purchase of goods and services. In this regard, many actions – such as set-asides for MSMEs; ensuring low entry/exit costs for MSMEs to participate in tenders; the application of domestic margins of preference, and domestic content requirements – can support MSMEs and economic diversification. Ensuring that regulations and processes maintain accountability but are simple and accessible to MSMEs is critical to successful policy.
