

## NEXT STEPS:

- ⇒ Make yourself familiar with the different GHS training plans and select one suitable for your company/partners
- ⇒ Fill out the registration form and submit.
- ⇒ Initiate online payment
- ⇒ Our UNITAR colleagues will contact you and request a call to discuss your GHS plan and prepare a calendar of events
- ⇒ Following that exchange, letters will be exchanged to formalize the training plan and to agreed training details.
- ⇒ The GHS training programme starts!

## TESTIMONIALS

Below some testimonials of private sector colleagues that have taken the existing UNITAR GHS online course:

**MIHU, Andra** (TOTAL, Rumania)

"The course has helped me very much in my career, as I am a Product Steward and the course provided a very efficient and fast way to understand GHS. It is the best GHS course I know".

**FOURIE, Marlene** (Infotox, Sudáfrica)

"The course has given me confidence in the accuracy of the GHS classifications that we as a consultancy firm do for our clients. It has helped me to better advise clients on GHS and SDS issues. The certificate earned and the stature of UNITAR has provided my clients with the necessary verification of my capacity to conduct GHS classifications".

# GHS IMPLEMENTATION PROGRAMME TRAINING PACKAGES FOR THE PRIVATE SECTOR

To satisfy your specific needs to implement the Globally Harmonized System on Chemicals Classification and Labelling (GHS), UNITAR is offering a training programme for you, with three options adapted to your needs. These options will provide technical support for a period of six months. The support provided includes GHS courses (with the provision of a UNITAR certificate), webinars on the topic of your choice or priority and a coaching service to advise you on best practice.

- **Benefits:** The packages are designed to build capacity and solid knowledge of the GHS and are relevant for different group sizes. The offerings are complemented by webinars and a customized coaching service. The service can be adjusted according to the different levels of knowledge and needs. Participants of the GHS course will be awarded a UNITAR certificate of completion
- **Duration:** The packages have an overall duration of six months, within which the client can agree with UNITAR how and when to plan the activities.
- **Pricing:** The pricing is adjusted according to the services provided and payments are made following registration.

Over the last 15 years, UNITAR has assisted governments and private sector partners to implement successfully the GHS. We have extensive experience in training courses and workshops, national and regional projects to develop implementation strategies, and promoting global implementation with international partners. UNITAR's top experts provide the knowledge and advice you need to implement the GHS. Our experts have broad experience in the GHS and have worked at local, national and international levels.

## AND WHY UNITAR?

### CHOOSE YOUR GHS PLAN
